

Vienna Doctoral School in Chemistry - DoSChem: Virtual Information Event for DoSChem Supervisors

Monday, 5 October 2020, 15:15-16:15h

Video Conference *via* Moodle Collaborate

The Vienna Doctoral School in Chemistry (DoSChem) is a newly founded doctoral training center and provides an internationally competitive education and research environment in all chemical sciences spanning physical, inorganic, theoretical, organic, biophysical, biomedical chemistry and more. It has been initiated by the Faculty of Chemistry and the University of Vienna in 2019 and is currently implemented. DoSChem school activities start with October 2020.

PROGRAM

Starting at 15:15 h

Welcome & Introduction

Christian F. W. Becker (Head of DoSChem) & Ellen Backus (Deputy Head of DoSChem)

Introducing Elena Rastew – Coordinator of DoSChem

This event will inform about:

- DoSChem implementation
- How to involve our students
- Organisation of focus areas
- DoSChem initiatives and activities (retreats, symposium, funding opportunities)
- First call – DoSChem positions
- AOB & Your Questions

The meeting will take place *via* Moodle Collaborate. As DoSChem supervisor, you are automatically registered for this event. If you want to participate, please use the following link <https://chemie.univie.ac.at/DoSChem> and log-in with your **u:account** to enter the virtual meeting room. For any technical problems: edv.chemie@univie.ac.at & +43-664-60277-52033 (Harald Fuchs).

Prof. Christian Friedrich Wilhelm Becker
Head of DoSChem

Prof. Ellen Backus
Deputy Head of DoSChem
